#### Dean's Report

- Compliments to the Academic Affairs Committee.
- There will be a Deans Search – the search committee is almost complete.
- The CCOP met regarding 2025 – Dean Holen and Dr. Hughey will narrow down the list to a subset that will be taken back to the CCOP and then to the faculty for further input.
- There appears to be a growing concern about the research course offering available to our graduate students. With some phased retirements, we will need to continue this conversation about how to best offer courses and meet the needs of our graduate students.
- With Ed. Symposium coming up there is a concern regarding our students cheating on conference attendance. Our solution is to have all students sign the honor code with the consequence of possible dismissal from the program.

Meeting adjourned at 9:10 a.m.
