This report only includes scores of College of Education undergraduate students who were enrolled at K-State at some point during the academic year in which they took the test. In addition, the data used to generate this report only include each student's highest score for each content test they have taken.

This report only includes scores of College of Education undergraduate students who were enrolled at K-State at some point during the academic year in which they took the test. In addition, the data used to generate this report only include each student's highest score for each content test they have taken.

This report only includes scores of College of Education undergraduate students who were enrolled at K-State at some point during the academic year in which they took the test. In addition, the data used to generate this report only include each student's highest score for each content test they have taken.
