

Teacher Education Data Dissemination System

The teacher education program at Kansas State University recognizes the importance of sharing program data widely with key stakeholders, and we are committed to continuous improvement through co-construction of the content, structure, and techniques of our systems.

The chart below summarizes our deliberate processes for sharing data and receiving feedback from our constituencies.

	<u>Format for Sharing</u>	<u>Stakeholders</u>	<u>Timeline</u>
INTERNAL			
Department of Curriculum and Instruction	Department meetings	Faculty and supervisors charged with oversight of teacher education	Monthly meetings
University Partners	Teacher Education Luncheon	Representative faculty from each college and department participating in teacher education	Spring
EXTERNAL			
Professional Development School Network	Break-out session	Teachers and administrators from all P-12 PDS partnership districts	Rural PDS partners meet each summer during the Rural Summit. Local partners meet each spring/fall.
Johnson County Advisory	Evening event	Teachers and administrators from the county hiring more KSU graduates than any other	Spring
K-STEP UP Partners	Zoom meetings	Representatives from P-12 systems and community colleges	Monthly meetings
